\* Web-based video call

Organizational issues:

- Safety comes first and hygiene rules apply.
  - The buildings are locked and can be opened by keys only. Of course, every person can leave a building at any time, but to enter a building, guests need to wait for hosts to open the main door.
  - All required rooms inside the building are accessible.
  - One needs to register in a list when entering or leaving the building.
  - The workshop room allows sufficient social distancing.
  - Sanitizers for hands and for furniture are available.
  - Due to lecture-free period and Covid 19, the main campus is hardly frequented by teaching staff or students. However, we will have all required support on campus.
- For directions to FUAS campus, please see the enclosed campus maps.
- Canteens and campus restaurants are closed. Catering service will supply us with lunch, and drinks and fruits will be available in the conference room throughout the workshop.
- FUAS has Eduroam. Please feel free to use your Eduroam account. If required, we also can provide you with a guest account.
- For the excursion with on Wednesday afternoon, we will have to leave jointly from campus:

Acknowledging funding information:

The workshop is financially supported by the projects “Sustainable Textile Supply Chains in Ethiopia and Germany” and “Exploring Focal Firm’s Performance Features in BoP Supply Chain Management – Taking the Case of Pakistan” which are both funded by German Academic Exchange Service (Deutscher Akademischer Austauschdienst, DAAD).
